

The ability to take college courses through the CCP program is a tremendous benefit to high school students. Tuition is waived, thus saving the student hundreds of dollars in college tuition.

By signing below, I understand that this is a **college course** – it will require college-level work and I agree to do my very best in the course(s) that I am requesting to enroll in.

Also, I agree to the following (initial each item after reading it):

- **CCP Schedule change period is 2 days from the start date of the college class – any changes after the 2 days will result in a grade of F on the High School transcript (SCS students only)**
- I will complete SCC's New Student Orientation **prior** to class registration
- I will see my guidance counselor for needed book information/voucher
- I will log into the course on the start date of the class and complete the census assignment
- I will read the course syllabus and ask questions of my instructor for any item that I do not understand
- I will carefully read all instructions given via SCC canvas email, SCC gmail, syllabus, or orally by my instructor
- I will keep up with the due dates of my assignments
- I will log into the online portion of my class at least 3 times per week
- College policy requires regular class attendance. For online classes, students will be withdrawn after prolonged absences. The college defines a prolonged absence (not turning in work) as:
2 weeks for 16 and 14-week classes
1 week for 8 and 4-week classes
- I will read the plagiarism policy listed in the course syllabus for each college class
- I will contact my instructor for help and/or arrange a tutor with SCC's Academic Support Center
- I will attend all class meetings (hybrid classes)
- Please note that SCC does not issue D grades. Course averages below 70 receive an F grade.
- If I have to be absent from a class meeting (hybrid classes), I will email my instructor immediately to let him/her know and ask what was covered in the class meeting
- High school events (field trip, pep rally, sporting event, assembly, **Spring Break** etc.) are NOT excused absences from a CCP class meeting – it is crucial that I attend every class meeting

I have read Stanly Community College's CCP Participation Agreement and will uphold my responsibilities as an SCC college student.
