

Stanly Community College Student Travel Responsibilities and Participation Form

Stanly Community College recognizes the benefits for students when they can participate in off campus learning activities. The SCC Field Trip Policy should be consulted to determine eligibility specifications for student travel. Student organizations and many of the classes offered at SCC give students the opportunity to travel locally, within the State, the United States, and abroad. In order for the College to continue offering these opportunities, it is necessary that student behavior be appropriate and professional. Your agreement to the following SCC Student Travel responsibilities will ensure that all of the opportunities offered to you and your peers will remain available. In order to represent Stanly Community College, students participating on a trip organized by SCC must adhere to the following responsibilities:

- Participate in any meetings held prior to the trip, if deemed necessary by the supervising faculty.
- Read and carefully consider all information given by the supervising faculty regarding the trip.
- Submit all registration forms, applications, deposits or reservations required to secure participation in the trip by the stated deadlines.
- Be on time and attend all classes, conferences, and meetings if required to do so by the supervising faculty.
- Understand that on academic related trips, your performance in class is subject to the same standards in place while on the SCC campus.
- While on SCC related trips, adherence to the Student Code of Conduct is required. The use of illegal drugs and excessive and irresponsible consumption of alcohol are strictly prohibited**.
- Conduct yourself in a safe manner, without undue risk to personal health and safety, respecting local laws, and customs during the trip.
- Be respectful and courteous to your hosts, group leaders and fellow students.

- Understand that many countries or settings have different norms in regard to punctuality. Be flexible and prepared to adapt to unforeseen changes in the schedule.
- Realize that many of the trips offered are group trips. This means that group activities outweigh personal interests and desires. If the supervising faculty requires your attendance at any time, you will not be able to leave the group. **Students choosing to embark on personal ventures must first notify the supervising faculty as to the student's destination and return time.**

**The decision of whether your behavior is appropriate is to be determined solely by the supervising faculty. Any student deemed as behaving inappropriately may be subject to disciplinary action up to and including dismissal from the program/trip at the student's expense; no credit will be awarded for the course; and the student will not be entitled to a refund of tuition or program fees. If a student is removed from a group before the trip takes place, any reservation or application fees will not be refunded.

I acknowledge that I have read the above in its entirety and I agree to its terms and sanctions.
