Applicants accepted for admission to health services programs at Stanly Community College are required to complete a criminal background check, drug screening, and possibly a fingerprint check after notification of acceptance and prior to participation in on-site clinical training.

A list of required immunizations are included in the Medical Form. The required immunizations must be documented and submitted with the Medical Form. ***The healthcare agencies that provide the clinical experience for this program may require proof of either COVID-19 vaccination or approved medical exemption with masking on-site and testing weekly. Students should request further information about exemptions, if needed.***

Based on the results of the checks and screenings, hospitals or clinical affiliates where the student will participate in on-site training, may deny access to their facility, resulting in the student's inability to complete the clinical portion of training. **Students unable to complete the clinical portion of his or her training will be unable to progress in the program.** Students are responsible for paying all costs associated with this requirement.
